

The culinary workshop – fragrances of world cuisine

Hanifa Šahinović, Zlata Nezić, Bahra Beširević, and Mevluda Halkić, the hard-working members of the “Women United” Association, and our friend from Iraq were the main stars of the culinary workshop held on Sunday, June 5, 2022 on the premises of the Temporary Reception Center “Borići”. During the workshop, the traditional Bosnian dishes burek, sirnica and trahana were prepared in good atmosphere. In addition, tufahije and rolat were served as a dessert. Our dear friend from Iraq, the beneficiary of the Center, prepared a delicious cake with biscuits and chocolate.

The workshop was once again attended by students of the Pedagogical Faculty, the Department of Preschool Education and the Department of English language and literature, as well as people on the move from India and Iraq. This workshop is a part of the project “Enhancing Social Cohesion in Host Communities of People on the Move”, implemented by the International Organization for Migration (IOM) in Bosnia and Herzegovina and funded by the EU’s Foreign Policy Instruments (FPI) under the Instrument Contributing to Stability and Peace (IcSP).

After the workshop, delicious pies and cakes were distributed to the beneficiaries of the Temporary Reception Center “Borići” in Bihać.
