

“FLOWER ISLANDS AT THE CAMP” – THE SECOND WORKSHOP

As of Saturday, June 11, beneficiaries of the temporary reception center “Borići” in Bihać can enjoy the new flower islands. Assistant professor Samira Hotić, with the help of students Hana Demirović, Belma Hodžić, and Ajla Japić, decorated the part of the yard next to the children’s playground and the entrance in front of the dining room were with flowers. Apart from the “Women United” Association members, our friends from India also participated in the workshop. Great help in the design and preparation of flower islands was provided by the IOM employees in “Borići”, for which we thank them from the bottom of our hearts.

The first to rejoice in the flowers islands were butterflies from Aleja – a lane in a park, bordered by trees and shrubs.

This is the second horticulture workshop held within the project “Enhancing Social Cohesion in Host Communities of People on the Move”, implemented by the International Organization for Migration (IOM) in Bosnia and Herzegovina and funded by the EU’s Foreign Policy Instruments (FPI) under the Instruments contributing to stability and peace (IcSP).
