INDIVIDUAL MEASURES TO STRENGTHEN THE RESPONSE CAPACITY TO MANAGE MIGRATION FLOWS IN BOSNIA AND HERZEGOVINA

(LIFE ROUTES - Understanding migration movements and supporting people on the move)

A workshop that filled the Center with the sounds of spirituality and love was held in the Temporary Reception Center "Borići". It was devoted to ilahi and qasidas – religious songs that, although an expression of Islamic tradition, united the hearts of all present regardless of religious affiliation.

People on the move from all over the world had the opportunity to immerse themselves deeper into the world of these songs through an instructive presentation prepared by Admira Arnautović, the workshop leader and the member of the "Women United" Association. In addition to presenting ilahi and qasidas, the presenter performed songs that carried universal messages of love, hope, and togetherness.

Each song carried an emotional message that crossed the boundaries of language and culture, connecting those present in a shared experience.

At the end of the workshop, the feelings of community and spiritual satisfaction were immense. The workshop on ilahi and qasidas was not only a musical event, but an experience that deeply touched the hearts of all present, leaving behind a lasting message of love and understanding.

The workshop is supported within the framework of the project "Individual measures to strengthen the response capacity to manage migration flows in Bosnia and Herzegovina", financed by the European Union and implemented by the International Organization for Migration (IOM).
